The Wendt Center appreciates the trust you place in us whenever you visit our Center. In the current environment, we want to remind everyone how committed we are to the health and safety of our clients and employees. As we all continue to hear about Coronavirus, the Center will monitor the situation and reach out to clients in case any of our offices or services are impacted. Currently, the risk is low for Americans and we are following guidelines of the DC Department of Health and the CDC.

Here is what you can do to help prevent the spread of this or other illnesses:

KEEP YOUR CONTACT INFO UPDATED. Make sure we have your updated contact information so we can reach out in case of office closure or session cancellation due to therapist illness.

STAY HOME IF YOU FEEL SICK! Contact the Center as soon as you feel you may be sick. We understand the need for flexibility in this situation, and any client cancellations due to illness during this period will not be charged and will not be held against the client in terms of our usual no show policy. Seek medical care ASAP, especially if you have a fever, cough and/or difficulty breathing.

LET US KNOW! If you have a confirmed case of Coronavirus, please alert the Center, and any places you have visited ASAP.

WASH YOUR HANDS! Frequently with soap and water for at least 20 seconds.

COVER YOUR MOUTH AND NOSE! Cough and sneeze into the crook of your elbow or use a tissue, not your hands.

SANITIZE! Your home and workplace including light switches, doorknobs, faucets, and things often touched by many.

AVOID TOUCHING YOUR EYES, NOSE and MOUTH!
